

# ALURAPID FIRE-RATED ACCESS PANELS

**90 MINUTES**

- GKF construction with extruded aluminium profile
- Firewall with automatic locking made of GKF panels with intumescent insulation
- Closing mechanism held by height-adjustable magnets
- Versatile use in dry wall and solid wall
- Simple flush mounting using mounting clips

Fire resistant on  
both duct side  
and room side  
**NF EN 1634-1 :**  
**+A1 : 2018**

The AluRapid fire-rated access panel is particularly suitable for use in partition wall systems, service ducts, and dry wall cladding. It can also be installed in solid walls of different types. The aluminium installation frame is reinforced with fire protection panels at the rear and an insertable fire-resistant divider made of fire protection panels. The cover is made of galvanised steel. It is held in position by magnets. Wall mounting is made easy by adjustable mounting clips and pre-drilled holes in the mounting frame.

## ADVANTAGES

- Possibility of a different finish to standard plasterboard: wood, metal, tiling, etc.
- Opens completely.
- Acceptable substrate: plaster board or concrete.
- Minimum thickness of the partition: 40 mm.

## CERTIFICATION

- Certified according to standard DIN EN 13501-2.
- CSTB Fire-report no. RS-19-065.

\* Indice isolement acoustique normalisé. NF EN ISO 10140.

## APPLICATION SPECIFICATIONS

- Wall recess.
- Simple recess using mounting clips.
- F90 facing wall inspection valve can be used for solid walls.
- Acoustic absorption tested according to DIN EN ISO 10140-2: 2010.
- The acoustic intensity level is 30.8 dB for EI90.

## MOUNTING AND FIXING

Insert mounting frame into the wall and secure with the attached mounting clips. Prepare cuts matching the supplied intumescent strips and hermetically seal with the wall at the back. Depending on the type of wall, proceed step-by-step according to the mounting instructions provided.

## MATÉRIAUX

Roku-Strip Roku-Tech intumescent insulator.

Z-19.11-1373 Z-19.11-624.

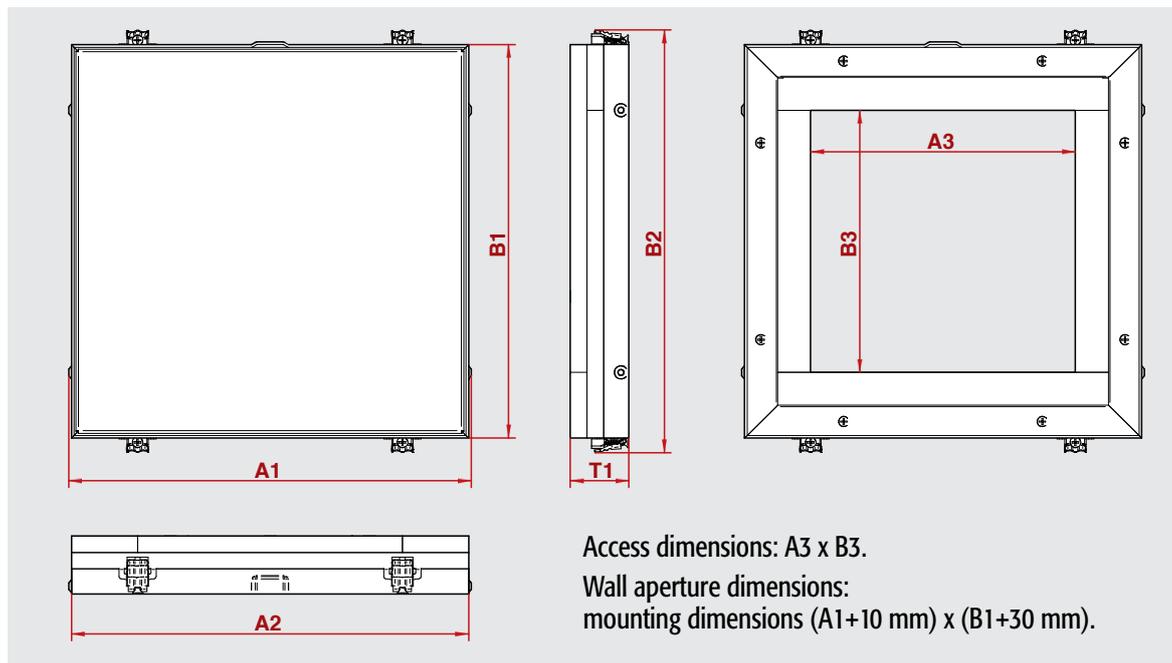

Steel/iron magnet. M6.

Aluminium metal frame. ALMgSi0, 5F22.

Steel clip.

Steel and plastic handle.

Quick fastening steel screws.
